AUGUST MINISTRY OPPORTUNITIES

Although kids are out of school here in August so it is a slower month for some, it wasn't for us. Les began the month (as shown above) preparing to preach at Pentecostal Christian Fellowship in Kawangware with Dedan translating.

The month ended with a great weekend visit from Rick Montgomery (one of our Board Members) & Joe James from Convergence Church in Ft. Worth, TX. They had been here ministering in Rwanda and assisting with a Prophetic Workshop at our church. Below left, you can see Les

taking them to shop for food in Toi Market near our apartment. You can tell from the short sleeves that winter is almost over as temps are warming up and the short rains have already begun. I also enjoyed a fun day taking them downtown shopping for gifts.

During the middle of the month, the Lord provided two opportunities to minister to married couples. Les and I were blessed to share about the DISC personality types at a special dinner at Destiny Chapel to help spouses better understand one another.

Then we were invited to teach two workshops as part of a Family Week at a large Baptist church here. However, I became very ill and could not go so Les taught on his own. We thought we'd demonstrate team ministry by teaching together, but apparently the Lord thought we should illustrate Eccl. 4:10-12.

I was able to complete the audio book of *Yoked Together* in time for the conference, though. We were so thankful that they are also selling the book in both forms in their church bookstore. Thanks for praying!
